

### WHAT IS AN EZ-POT?

The EZ-Pot is Knox Horticulture's brand for Ellepots, a degradable paper pot. EZ-Pots promote better air exchange compared to average plastic pots. This results in stronger root growth and overall more healthy plants. Better air exchange also promotes root pruning, an advantage in a bump-up transplant program that results in faster establishment and time to finish.

#### The EZ-Pot system offers you:

- ❖ Total control:
  - You choose the size.
  - You choose the media.
  - Knox does the work.
- ❖ Transplant efficiency: quick removal and faster planting
- ❖ Rooting efficiency: higher yields & less bench time
- ❖ Landscaper friendly: Easy removal, no pots/cell packs to collect and discard = faster planting
- ❖ Environmentally sound: The EZ-Pot is completely degradable

Pre-filled EZ-Pot trays are available in a wide variety of Ellepot sizes and tray configurations. These EZ-Pots can be filled with our premium soil mix. Pre-filled trays are available to ship to customers by shrink-wrapped pallet or full truck load.
