

Knox Horticulture has created a grouping within our Young Plants Program for all products produced through Tissue Culture.

Tissue Culture labs require a long lead time to allow for production, and we recommend a minimum lead time of 3 months, although sometimes we can add to existing orders for a much faster delivery.

Cordyline (*Cordyline australis*)

VARIETY	SOURCE	TYPE	TRAYS
Red Sensation	Whetman	Perennial	72
Red Star	Whetman	Perennial	72

Cordyline Red Star
from Whetman Plants
